

HEDGE DETECTIVES

What can you find in a hedge in spring? Shake a bush out onto a white sheet to see what's living in there. Don't forget to handle minibeasts gently and put everything back where you found it.

FOOD CHAINS

What eats what along a Cornish hedge? Look at the four food chains in the spider's web, then use the blank circles to make up your own. There are plenty of plants, minibeasts, birds and animals to choose from.
