

out and about in autumn

Take a drawing pad and coloured pencils when you go out and about in autumn, and draw all the different fungi you find.

Here are some of the fungus shapes you might see. Colour them in, then find out what colours they are in real life!

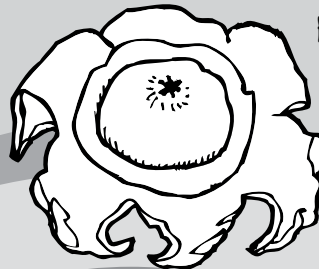

Fly agaric

Dung roundhead

Snowy ink cap

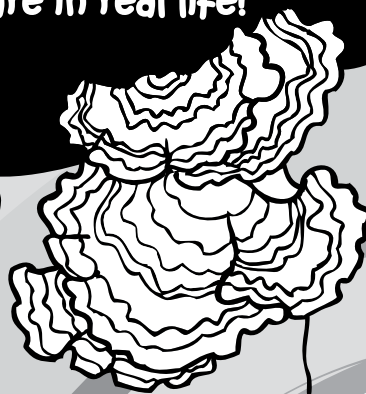

Earth star

Scarlet elfcup

Horse mushroom

Coriolus versicolor

Common puffball

Here are some of the fungus shapes you might see. Colour them in, then find out what colours they are in real life!

Staghorn fungus

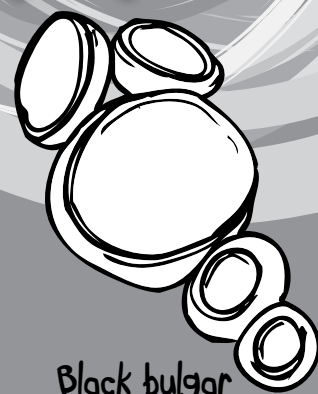

penny bun

Horn of plenty

Little besom

Black bulgar

Velvet stem

Oyster fungus
